

Exam testing

Examiner grading report

Candidate / roll number	Zainab	Answer pages	10
Generated	2026-08-27 10:42 UTC	Status	Examiner reviewed and completed

Final score

34 / 35

The denominator includes only the selectable answer units that were eligible for grading. Blank and choice-excluded units are listed below as closed decisions.

Question decisions

Question	Decision	Attained	Possible	Examiner note
Q2i State Newton's Second Law of Motion and write its mathematical expression.	Examiner confirmed	4	4	—
Q2ii Differentiate between RAM and ROM. Give one example of each.	Examiner confirmed	4	4	—
Q2iii Explain the role of the nucleus in a cell.	Examiner confirmed	4	4	—
Q2iv What is the difference between a series and a parallel circuit? Also Draw a diagram.	Examiner confirmed	4	4	—
Q2v Name two input devices and two output devices used in a computer system. And what operation do they perform.	Examiner confirmed	4	4	—
Q2vi A force acts on a box on a horizontal surface. Study the given force diagram and identify the forces acting upward, downward, forward and backward. Complete the diagram with proper labeling.	Skipped by choice rule	—	4	—
Q2vii Draw a bar graph representing the following data: Student Marks (Total: 50) Ahmed 45 Sara 20 Ali 35 Khadija 40	Skipped by choice rule	—	4	—

Question	Decision	Attained	Possible	Examiner note
Q3a Explain the laws of reflection of light. In your answer, define the incident ray, reflected ray, normal, angle of incidence, and angle of reflection. State the relationship between the angle of incidence and the angle of reflection.	Examiner confirmed	7	8	—
Q3b Draw a complete ray diagram showing the reflection of a light ray from a plane mirror. Your diagram must clearly show and label the plane mirror, incident ray, reflected ray, normal, angle of incidence, and angle of reflection.	Examiner confirmed	7	7	—
Q4a What is an algorithm? Explain any three characteristics of a good algorithm. Also state one advantage of writing an algorithm before solving a programming problem.	Skipped by choice rule	—	8	—
Q4b Draw a complete flowchart to find and display the largest of three numbers entered by the user. Use the correct standard flowchart symbols, decision branches, and arrows.	Skipped by choice rule	—	7	—
