

RubricEye Exam

Answer Booklet

Name: _____

Candidate ID: _____

Date: _____ Exam Version: RE-01

Answer only the questions you choose.

Keep all writing and drawings inside the bordered areas.
For diagram/flowchart responses, use clear labels and arrows.

RubricEye Exam

Q2(i)

4 marks

Newton's Second law of motion states that the acceleration of an object is directly proportional to the net-force acting on it inversely proportional to its mass.

The direction of acceleration is the same as the direction of the net-force.

~~Eq~~

$$F = ma$$

means

F = net force

m = Mass

a = Acceleration

Q2(ii)

4 marks

~~X~~ RAM and ROM

1) Ram stand for Random access memory.

2) It is a temporary memory

3) Its is read and written

1) Rom stand for Read only memory

2) It is ~~non~~ non volatile memory

RubricEye Exam

Q2(iii)

4 marks

The Role of Nucleus

The photosynthesis convert Sun light into chemical energy acting as the function.

The Main Four function are :-

- 1) The plant food is created for glucose for growth and survival.
- 2) Release the oxygen that organisms breathe.
- 3) Absorbs carbon dioxide from air
- 4) Base of food chain is ecosystem.

Q2(iv)

4 marks

1

In

2

Series circuit in this electrical components are connected one after another be your own sugar lady The same current flows

Parallel circuit in which components are connected in separate branches The current has more the one part flow.

Q2(v)

4. Frictional opposite to direction of motion

4 marks

RubricEye Exam

4 marks

Q2(vii)

Intentionally Left Blank

Q3(B)

[illegible]

Q4(A)

An algorithm is a step by step problem solving technique is called Algorithm.

3 steps of algorithm :-

-1 Definiteness

Every step should be clear & unambiguous

-2 Finiteness

The algorithm must end after a finite no of steps

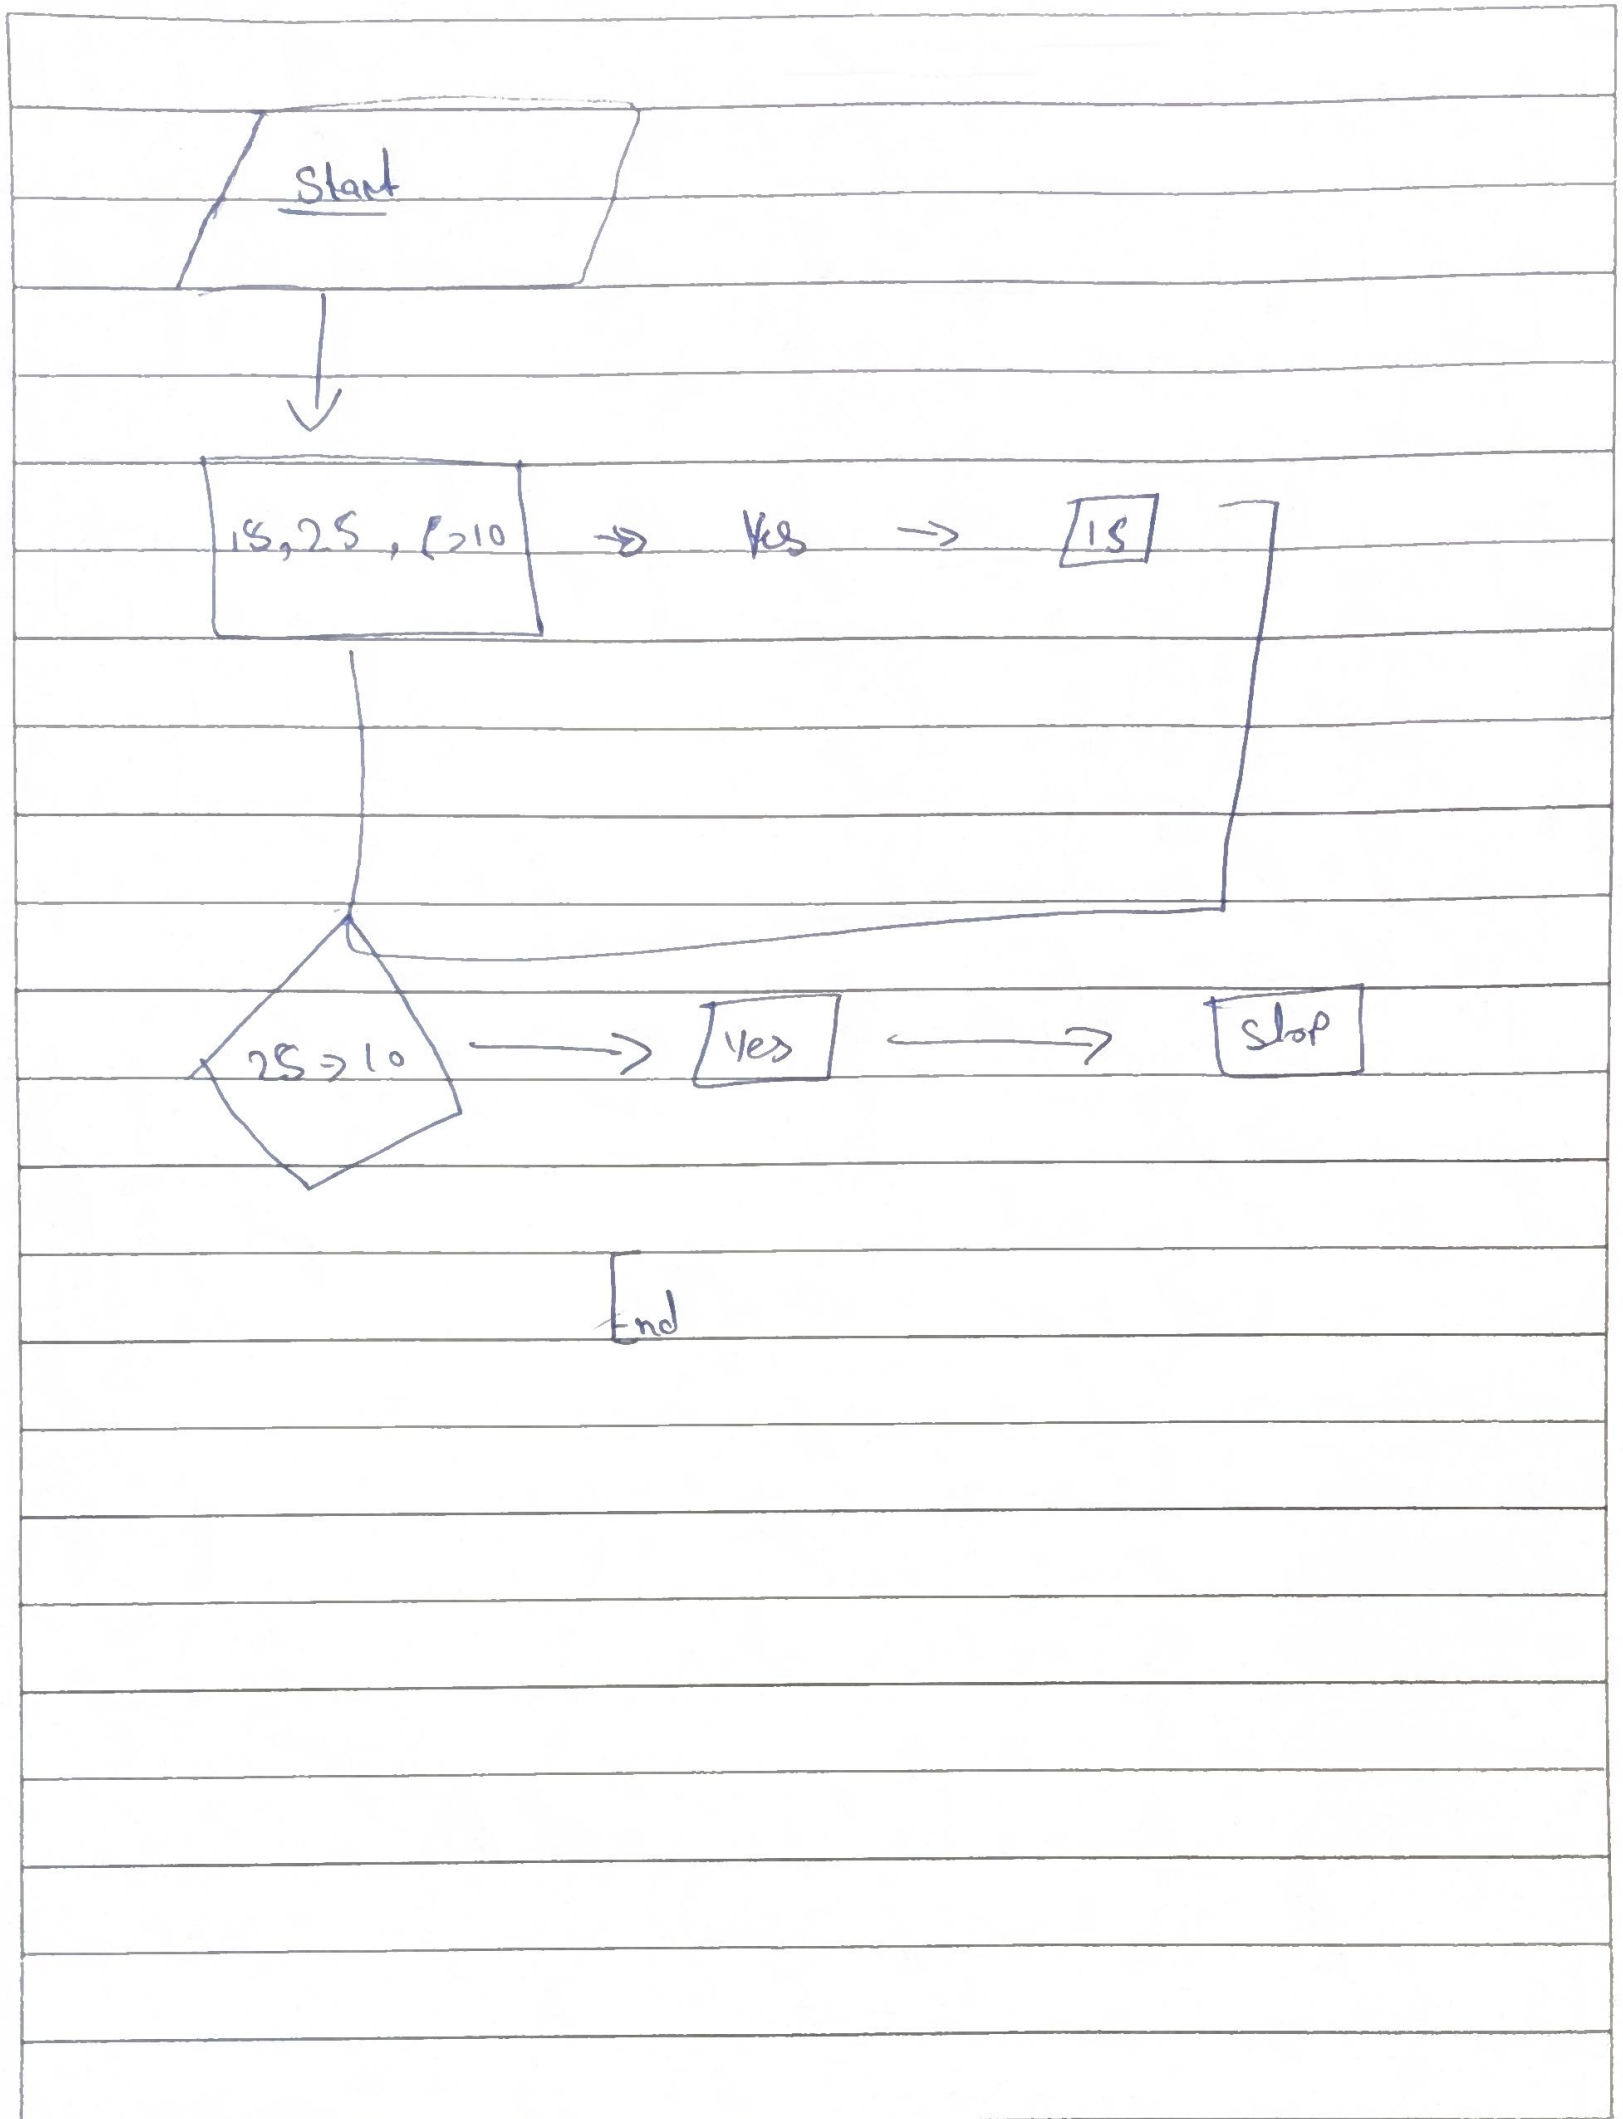

Example

An Algorithm provides a clear step by step plan, making the problem easier to understand & program to develop the correct results.

RubricEye Exam

Q4(B)

7 marks

ROUGH WORK

A large rectangular area for rough work, containing faint horizontal lines and a vertical line on the left side, suggesting a grid or ruled paper.
